

Nutrition Project Resources

Directions: It is important to be aware of the reliability of the resources used. Who authored the material? Are they experts? Are they trying to sell you something? What other hidden agenda might they have? These are all questions you should be asking when vetting resources. For each resource you used, please give the bibliographic info (in MLA format) and at least one sentence that clarifies why the resource is reliable.

Resource 1:

Why it is a good resource:

Resource 2:

Why it is a good resource:

Resource 3:

Why it is a good resource:
